Out of Sight--Out of Mind
Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

POLK'S

TERRE HAUTE

Street and Avenue Guide Including Telephone Numbers, Home Owner Symbols and Zip Codes

1971

Including Central Terre Haute and West Terre Haute

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to alphabetical list of names.

The symbol ● following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip code numbers are shown immediately following each street description. If a street runs through more than one zone the new zip code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "no return." In each case the publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

We're excited about TERRE HAUTE

Terre Haute is the kind of community in which you can raise a family, make a living and enjoy the kind of life noted in medium size cities. Three institutions of higher learning — Saint Mary-of-the-Woods College, Indiana State University and Rose Polytechnic Institute — are located here.

Terre Haute — known as the Queen City of The Wabash Valley — boasts a diversified industrial base, is a city of educational institutions and is the marketing hub for some 125,000 people of western Indiana and eastern Illinois.

INTRODUCTION
AND
GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city, county, state and national Directories, presents to subscribers and the general public, this, the latest edition of the Terre Haute City Directory, which also includes Central Terre Haute and West Terre Haute.

Confidence in the growth of Terre Haute's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Terre Haute to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Terre Haute Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Terre Haute, the necessity of having this kind of information up-to-date and alwys immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Terre Haute, Central Terre Haute and West Terre Haute, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Terre Haute and vicinity.

The Terre Haute Directory Library

Through the courtesy of the publishers of the Terre Haute City Directory, a Directory Library is maintained in the offices of the Terre Haute Chamber of Commerce, for free reference by the general public. This is one of more than over 800 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,
Publishers.

Paul Dresser Birthplace in Fairbanks Park, has been restored to the late nineteenth contruy era, and is open to the public. Dresser's composition, "On the Banks of the Wabash," is the official state song.

City Statistics—The total street mileage is 403; with 298 miles paved, and 483 miles of concrete sidewalks. Miles of gas mains, 480. Capacity of water works (private), 20,000,000 gallons; daily average pumpage, 8,250,000 gallons; miles of mains, 255. Fire department has 148 men, with 10 stations and 25

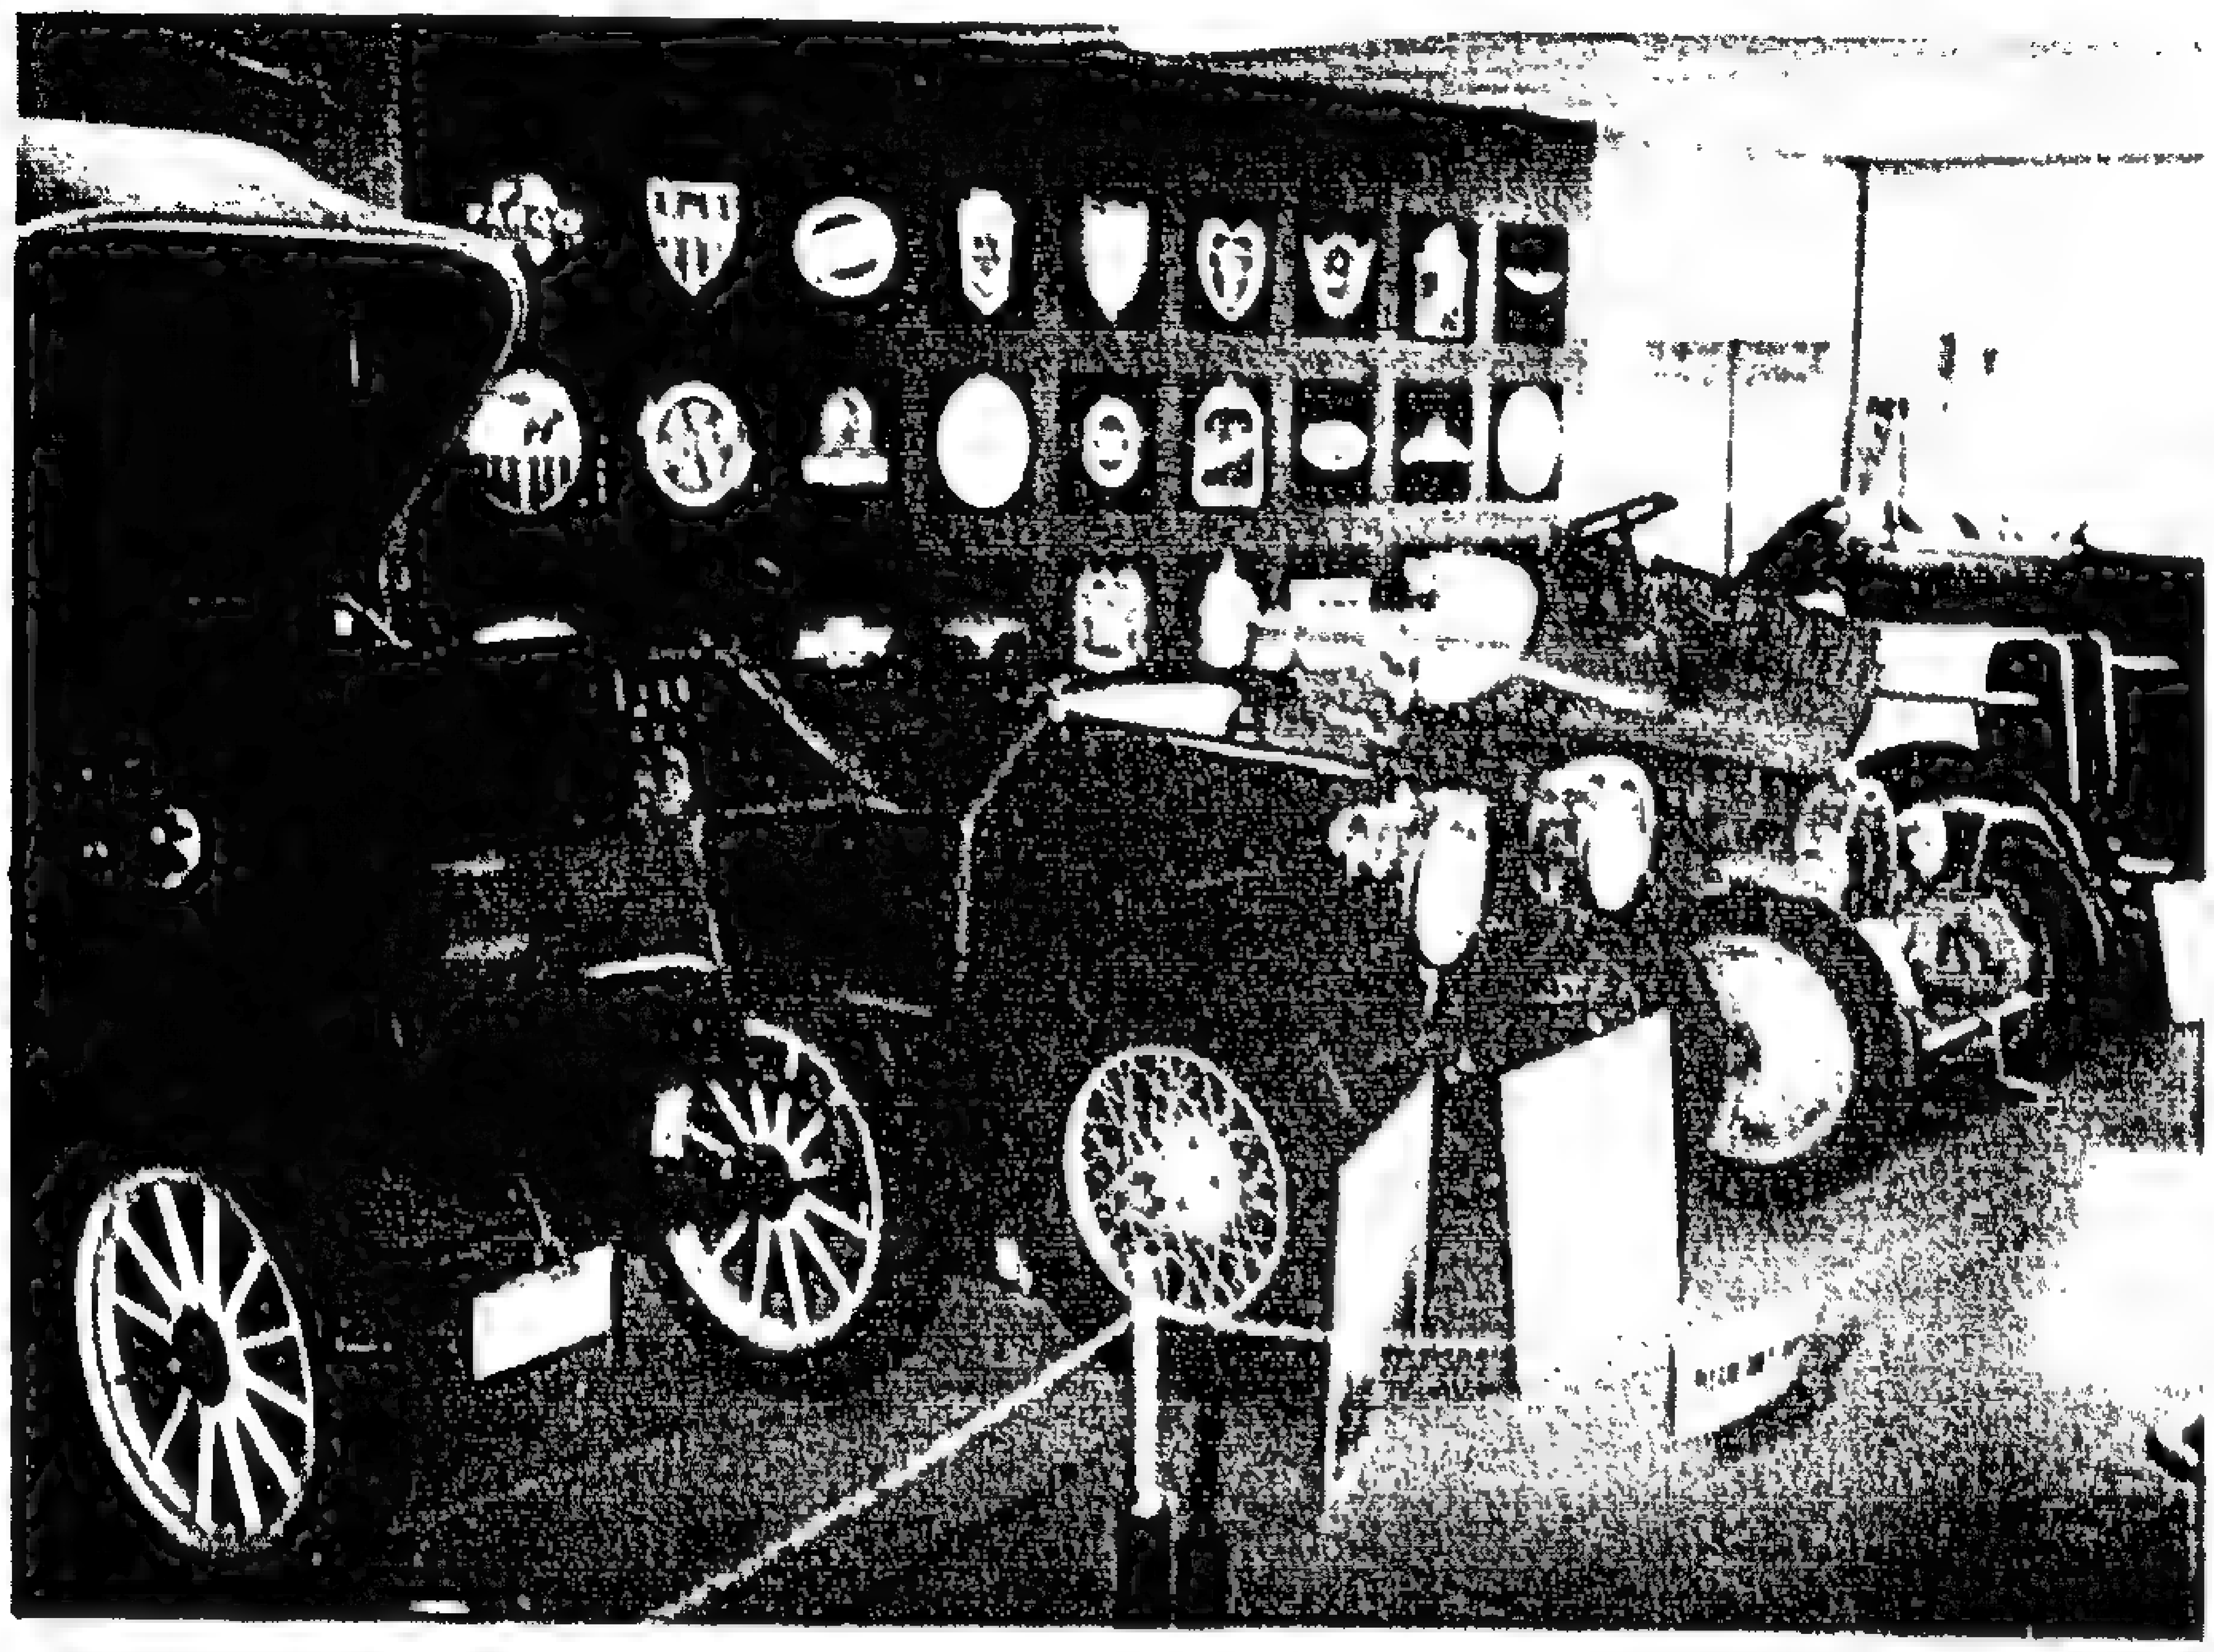
pieces of motor equipment. Police department has 109 men, 2 matrons and 1 traffic clerk with 1 station, 28 pieces of motor equipment, short-wave police radio and three-way broadcasting.

History, Location, Etc.

Terre Haute was founded in 1816, the same year that Indiana was admitted to the Union. It is the county seat of Vigo County, and is located on the east bank of the Wabash River, midway between its source and the point where it empties into the Ohio. As its name implies, Terre Haute is on high ground being much above the high-water mark. Its area is 24.73 square miles and it is on Fort Harrison Prairie, a strip of level ground from two to four miles wide east and west, and sixteen miles north and south. Its latitude is 39 degrees and 28 minutes north; longitude, 87 degrees and 25 minutes west, and it is 498 feet above sea level. In 1828, it had 579 inhabitants, which increased to 2,300 in 1840. Metropolitan population is 168,929 with a 1970 Census figure of 69,530 for Terre Haute.

Martin's Photo Shop
One of the newer school units in the Vigo County School Corporation, the complete Otter Creek school. . .elementary and junior high.

The city is within a few miles of the center of population of the U. S. and within a radius of 500 miles, is in touch with more than half the population of the country. Its distance from Chicago is 178 miles; St. Louis, 168 miles; Cincinnati, 183 miles and Louisville, 178 miles, with direct rail communication with all. Terre Haute ranks high as a railroad center, being on the main east and west lines of the Penn Central, and on the Chicago, Milwaukee, St. Paul & Pacific and the Louisville and Nashville. These 3 systems have eleven lines branching out in every direction from the city. There is also a belt line around the city, which connects with all railroads. City of Terre Haute Transportation Utility operates the city bus lines. Ten motor bus and coach lines operate in all directions to and from the city, giving regular service. There are also 28 trucking concerns, 3 of which have home offices here, engaged in freight transportation to any point of delivery.



Known recoverable bituminous coal reserves in Indiana exceed 35,000,000,000 tons. Coal production averages approximately 15,800,000 tons annually in Indiana. Men employed in the production of this coal number approximately 2,300. In the territory contiguous to Terre Haute, which is known as Brazil Clinton Sub-district in Indiana, approximately 5,200,000 tons of coal have been produced annually in recent years by 450 miners. Terre Haute is so situated that supplies of all types of Indiana coal may be easily procured from the various producing fields in the state.

Public Utilities, Etc.

Telephone service is furnished by the General Telephone Co. of Indiana Inc., with 64,786 automatic telephones in successful operation. The local building is used as a show plant by the manufacturers of the automatic telephone.

The American Telephone & Telegraph Co. maintains its most important Indiana office in Terre Haute to provide telephone and telegraph facilities. This is the important junction for north and south business between Chicago and points fed by Louisville, Evansville, Nashville, Atlanta, Birmingham, Jacksonville and Miami; also New York and points east to west and southwest, including Chicago, Minneapolis, Milwaukee, St. Louis, Kansas City, Denver, Los Angeles, Houston and Dallas, and from points north and northeast to Indianapolis, Cincinnati, Columbus, Pittsburgh, Philadelphia, Washington, New York and Boston.

Other services furnished are telephone typewriter service to Terre Haute and surround towns—repeater service from four national broadcasting networks. This company maintains its own long-distance telephone exchange to make Terre Haute an important communications crossroads of the country.

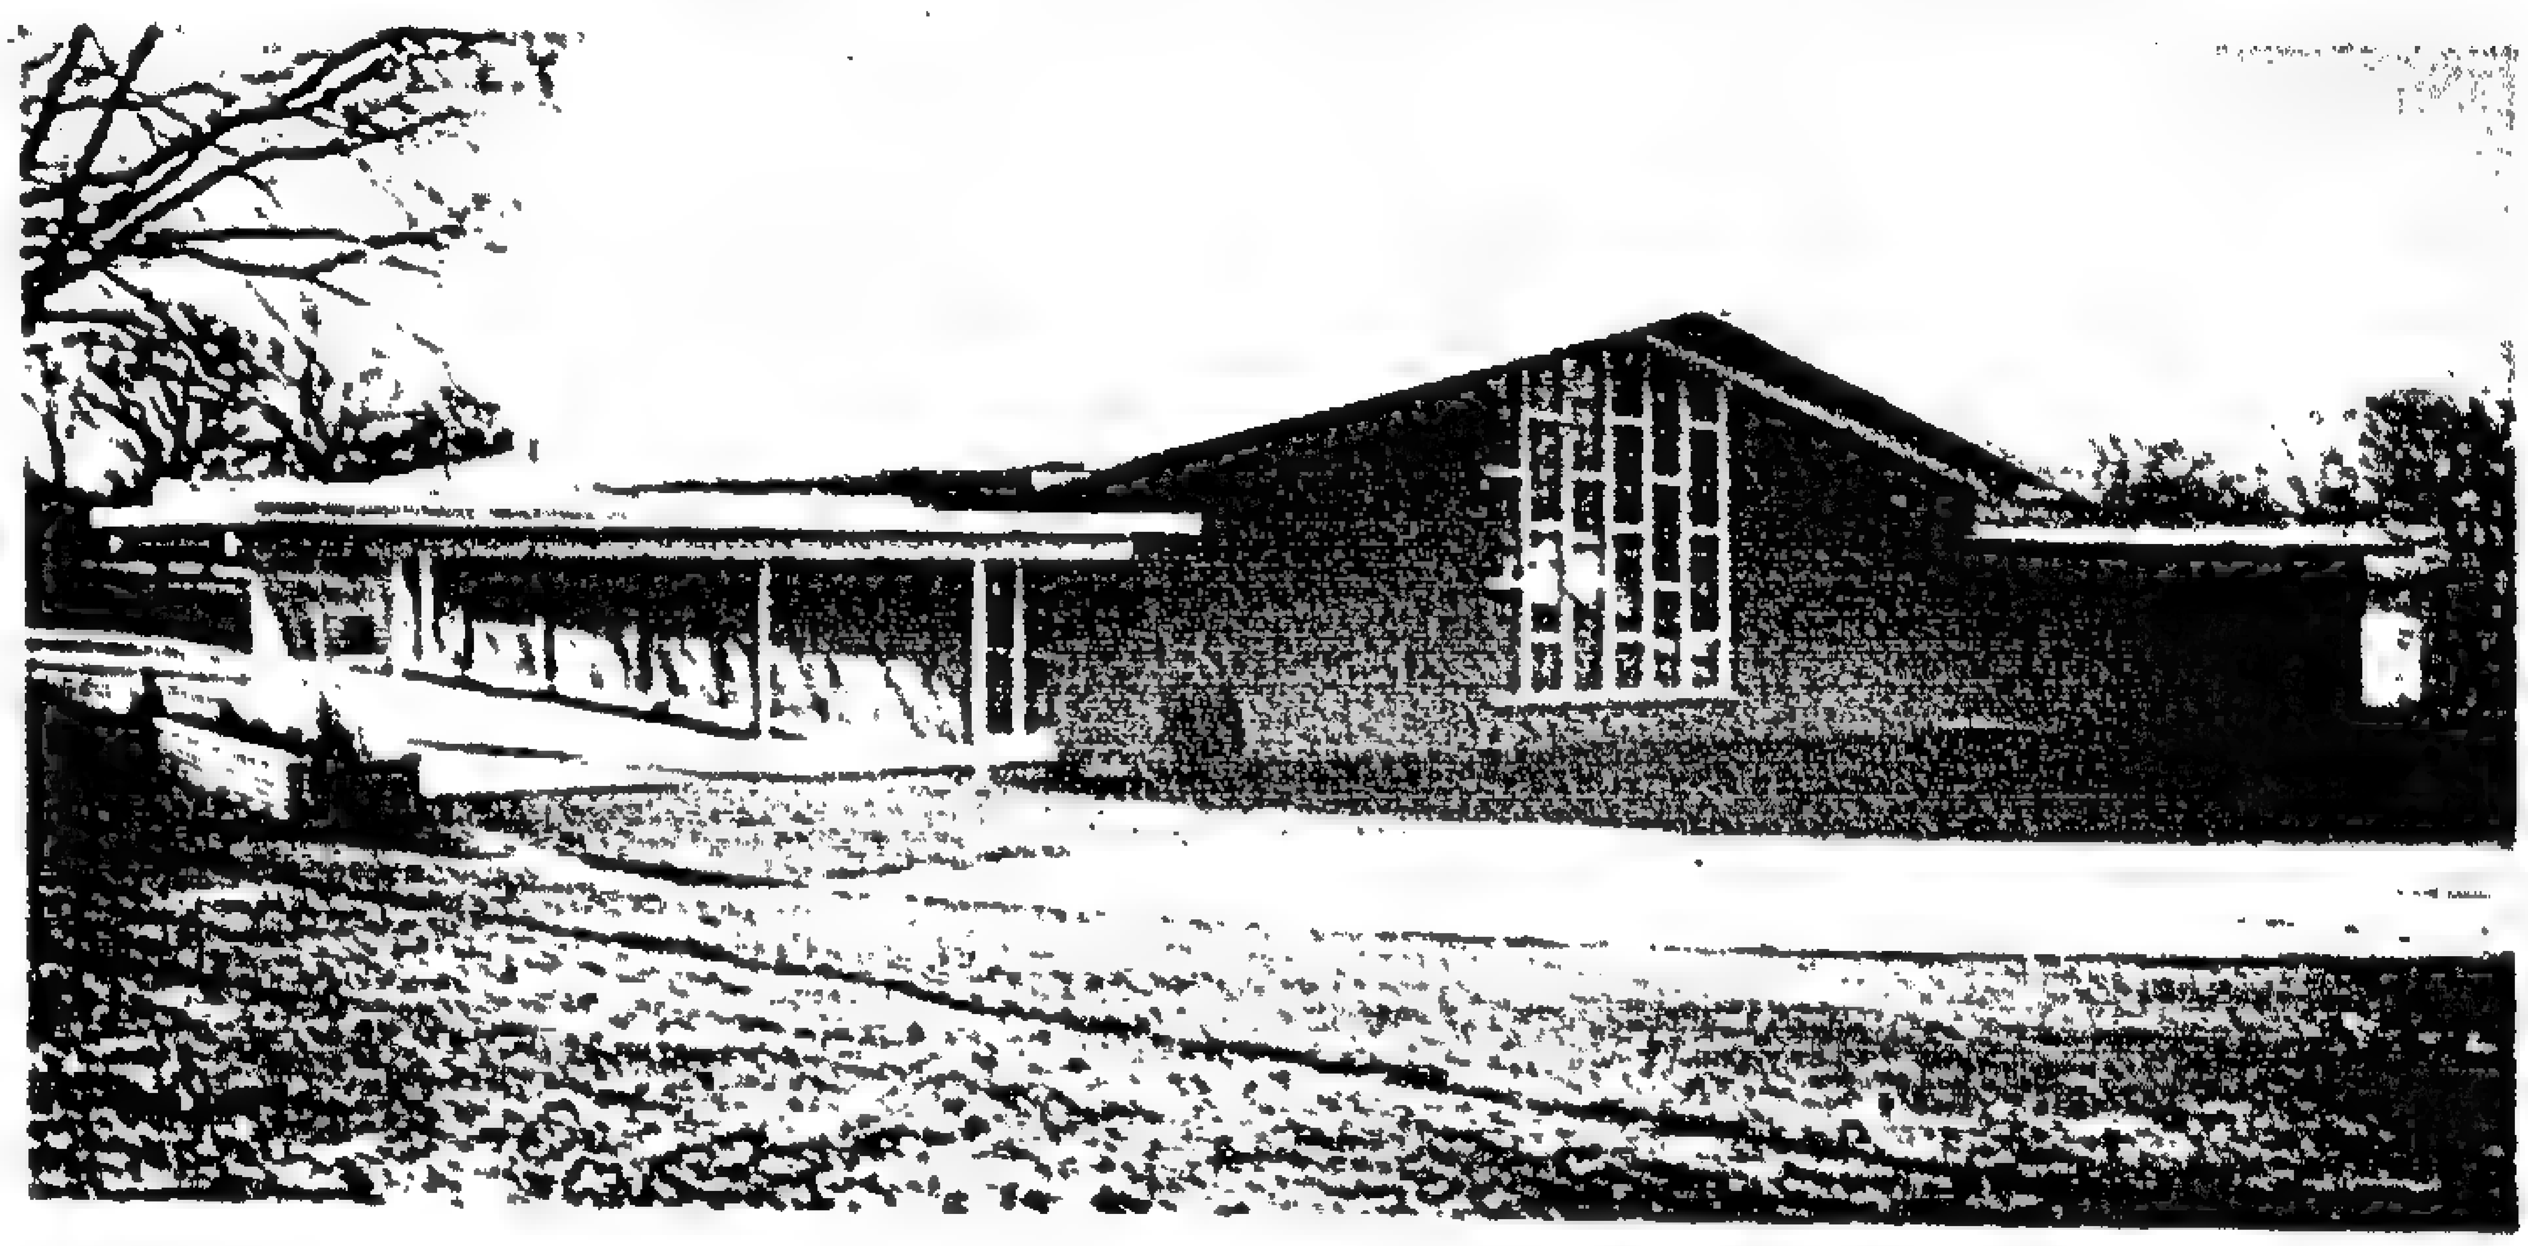
Early Wheels Museum in downtown Terre Haute houses one of the foremost exhibits of antique and classic automobiles in the world. A Columbia electric and a 1914 Stutz roadster are some of the more than 30 different makes on display.

The gas supply is provided by a private company. The plant has a capacity of 20,000,000 cubic feet per day of 1,000 B.T.U. natural gas. The company has 480 miles of gas mains and 30,190 gas meters.

The gas company has 480 miles of distribution mains and 190 miles of transmittal mains.

Terre Haute is an important hub in the Middle Western electric power network. One of the Public Service Co.'s of Indiana's generating stations, Dresser Power Plant, located on the banks of the Wabash River, south of the city, has a capacity of 220 megawatts. The Wabash River Generating Plant, located on the banks of the Wabash River, north of the city, has a capacity of 900 megawatts. Modern-type rate schedules afford lighting and domestic service as low as 1.2 cents per kilowatt hour, and power service at rates down to eight mills per kilowatt hour. Electricity for the city's ample street-lighting and parks is provided over company lines.

In addition to its excellent water works system, the city has at all points in and around it, an ample supply to be had for the pumping. Terre Haute industries have wells which pump up to 3,000 gallons per minute. The Weston Paper & Mfg Co. pumps over 7,000,000 gallons per day. This water is good for all purposes. Recent installation of a 2,000,000 cubic feet storage tank in the East end greatly improves service to that area. Plans for expansion and new equipment have been approved.



The water supply is furnished by a private corporation, the water being taken mainly from deep wells, settled, coagulated, filtered and sterilized before delivery. The company has a capacity of 30,000,000 gallons per 24 hours, and the average daily delivery for 1965 was 7,000,000 gallons. The company has 224 miles of mains, 1,930 fire hydrants and 20,709 customers. Water is furnished on the meter basis.

The city also has a large by-product coke plant manufacturing metallurgical and domestic coke and by-products, with a capacity of 600 tons per day.

Public Safety

The police force is thoroughly drilled and under control and direction of the Board of Public Works and Safety consisting of three members appointed by the mayor.

The Terre Haute Fire Department is rated among the best in the country, and through its efficiency the community enjoys low insurance rates. It is housed in ten modern buildings. The force consists of 148 men and its machinery comprises 11 pumpers, 2 city service trucks, two 75-foot Maxim aerial

Martin's Photo Shop
One of the newer churches in Terre Haute. All denominations are represented in the religious life of the area.

trucks, and an 85 foot "snorkel," 1 ladder truck and 6 cars. The department utilizes the Gamewell firealarm system which includes an alarm truck. There are 1,930 fire hydrants in the city, 4 resuscitators and 1 rescue wagon.

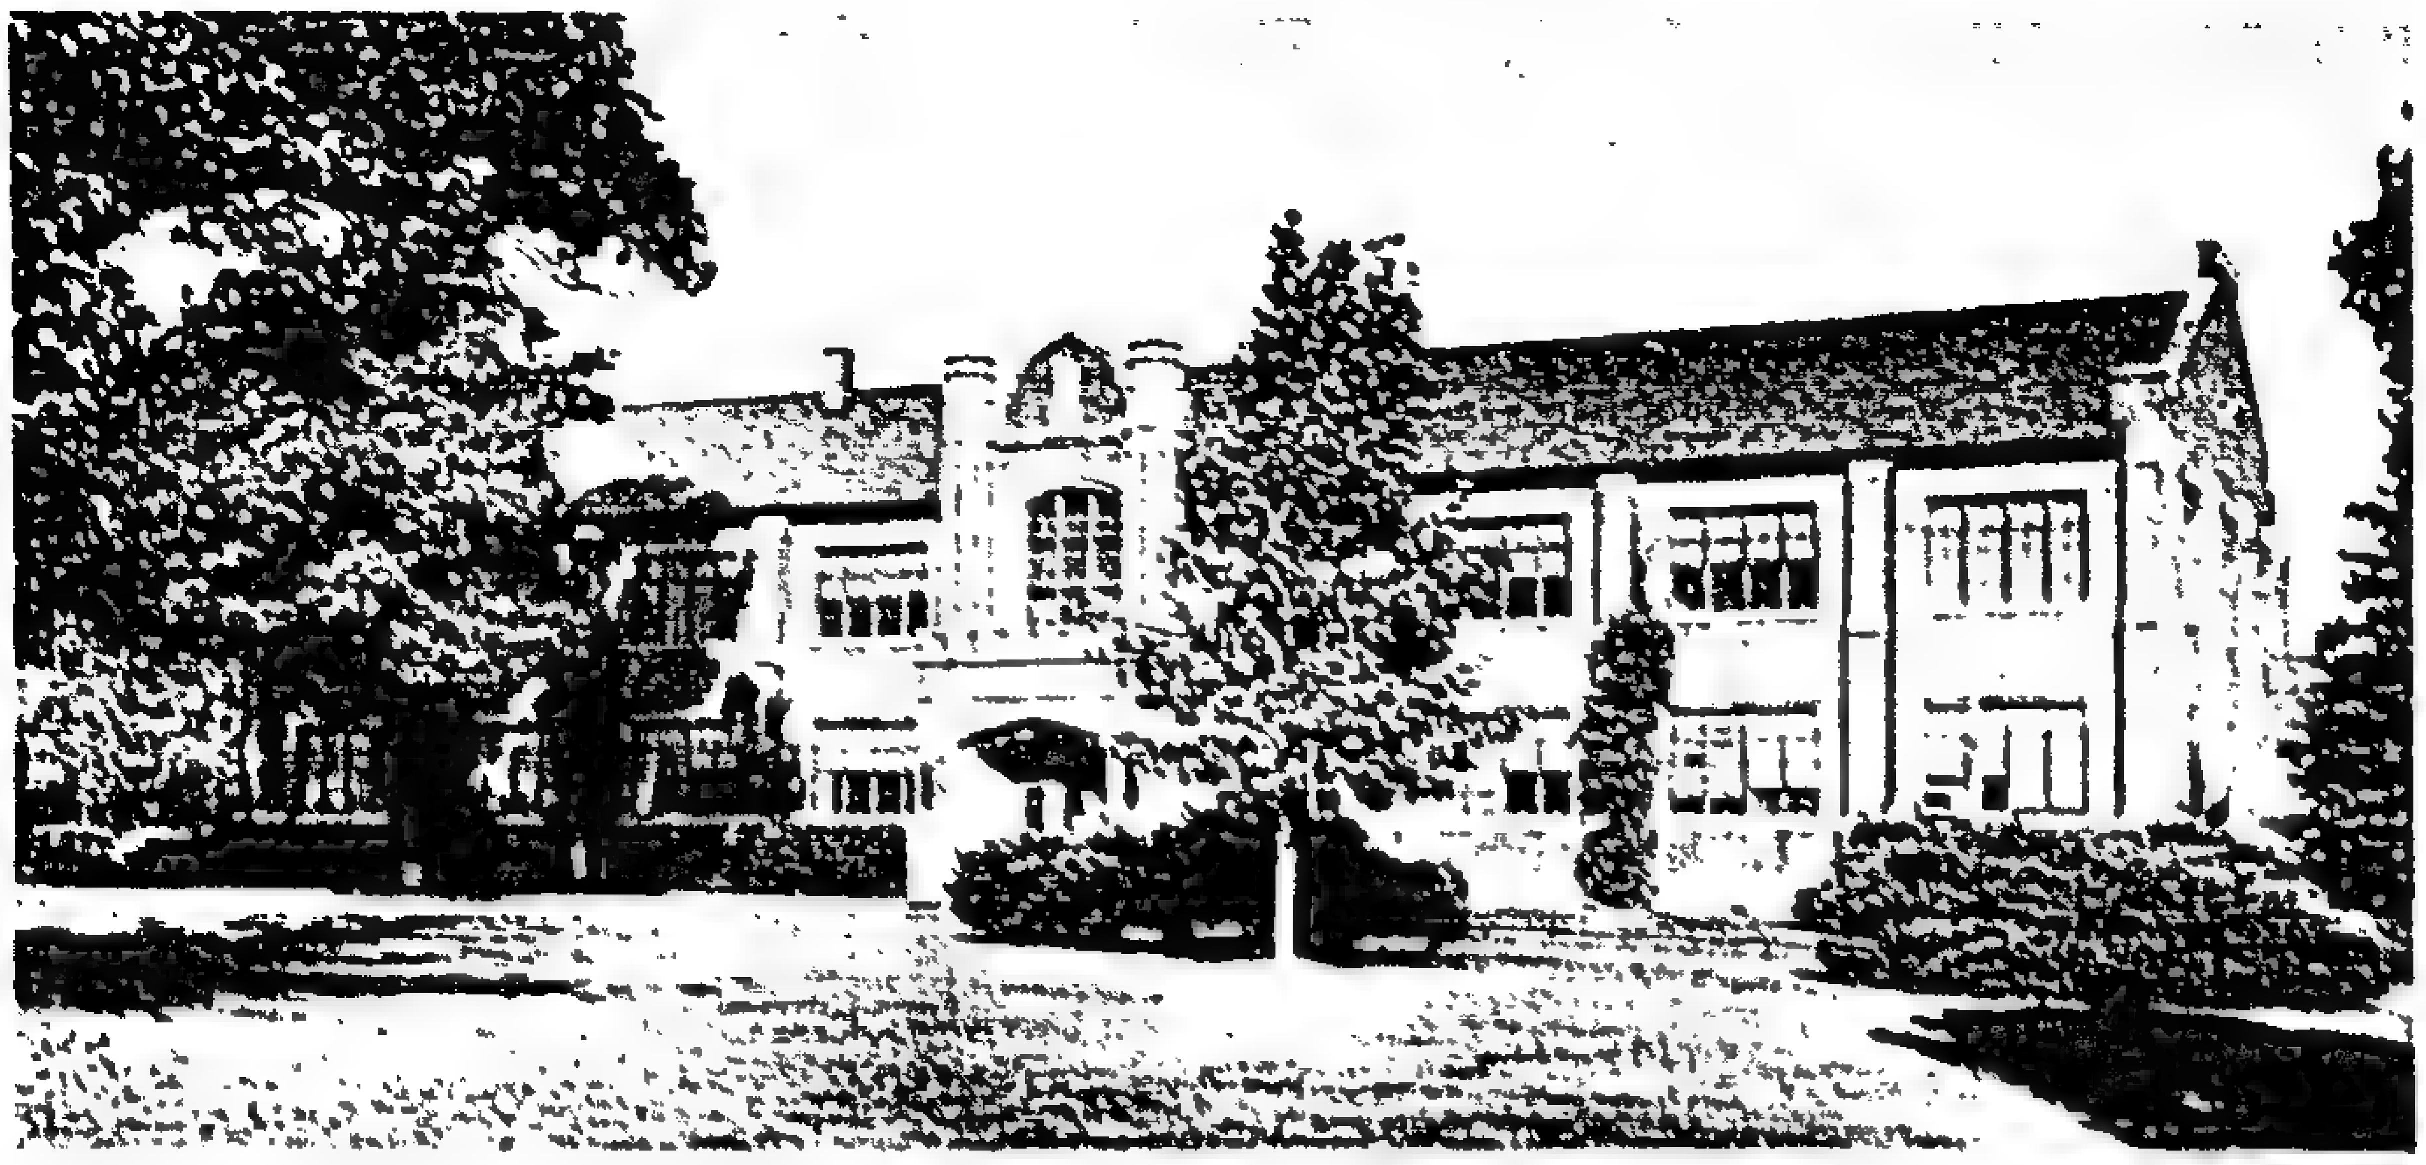
Education, Public Welfare, Civic Features, Etc.

Terre Haute has 35 elementary schools, 2 senior high schools, and seven junior high schools. Public schools are now organized on a county-wide basis. There are also seven parochial schools, which include one high school. Vigo County Public Library houses 188,856 volumes, 1,296 microfilms, 2,891 phonograph albums, 295 films. The 1968 circulation was over 556,916.

Also located in Terre Haute is Indiana State University, representing an investment of over $45,000,000, and of which has an enrollment of approximately 13,000; Rose Polytechnic Institute, one of the best technical schools in the country and St. Mary-of-the-Woods, a Roman Catholic college for young women. The last-mentioned school occupies a site of 1,200 acres and has an investment of $22,000,000 in its properties. Also located here are the Indiana Business College, Smart Appearance Beauty College and Ernestine Myers School for Dancing.

There are two large fully accredited hospitals, with approximately equal capacity. They have a total of 600 beds and each hospital has a complete staff of physicians and surgeons and are equipped for all kinds of work. St. Anthony Hospital has an intensive care and cardiac unit, opened August 12, 1968. Just opened is Katherine Hamilton Mental Health Center with a 40 bed capacity.

Outdoor recreation is offered by the municipality in the form of two public golf courses, one an 18-hole course with a $50,000 clubhouse with locker-room facilities; the other a nine hole course at the Memorial Stadium. This stadium was built at an initial cost of $400,000 in memory of those who lost their lives in WW I. The Stadium was purchased in 1966 by Indiana State University and remodeled into a football stadium. Astro-Turf was installed and the stadium



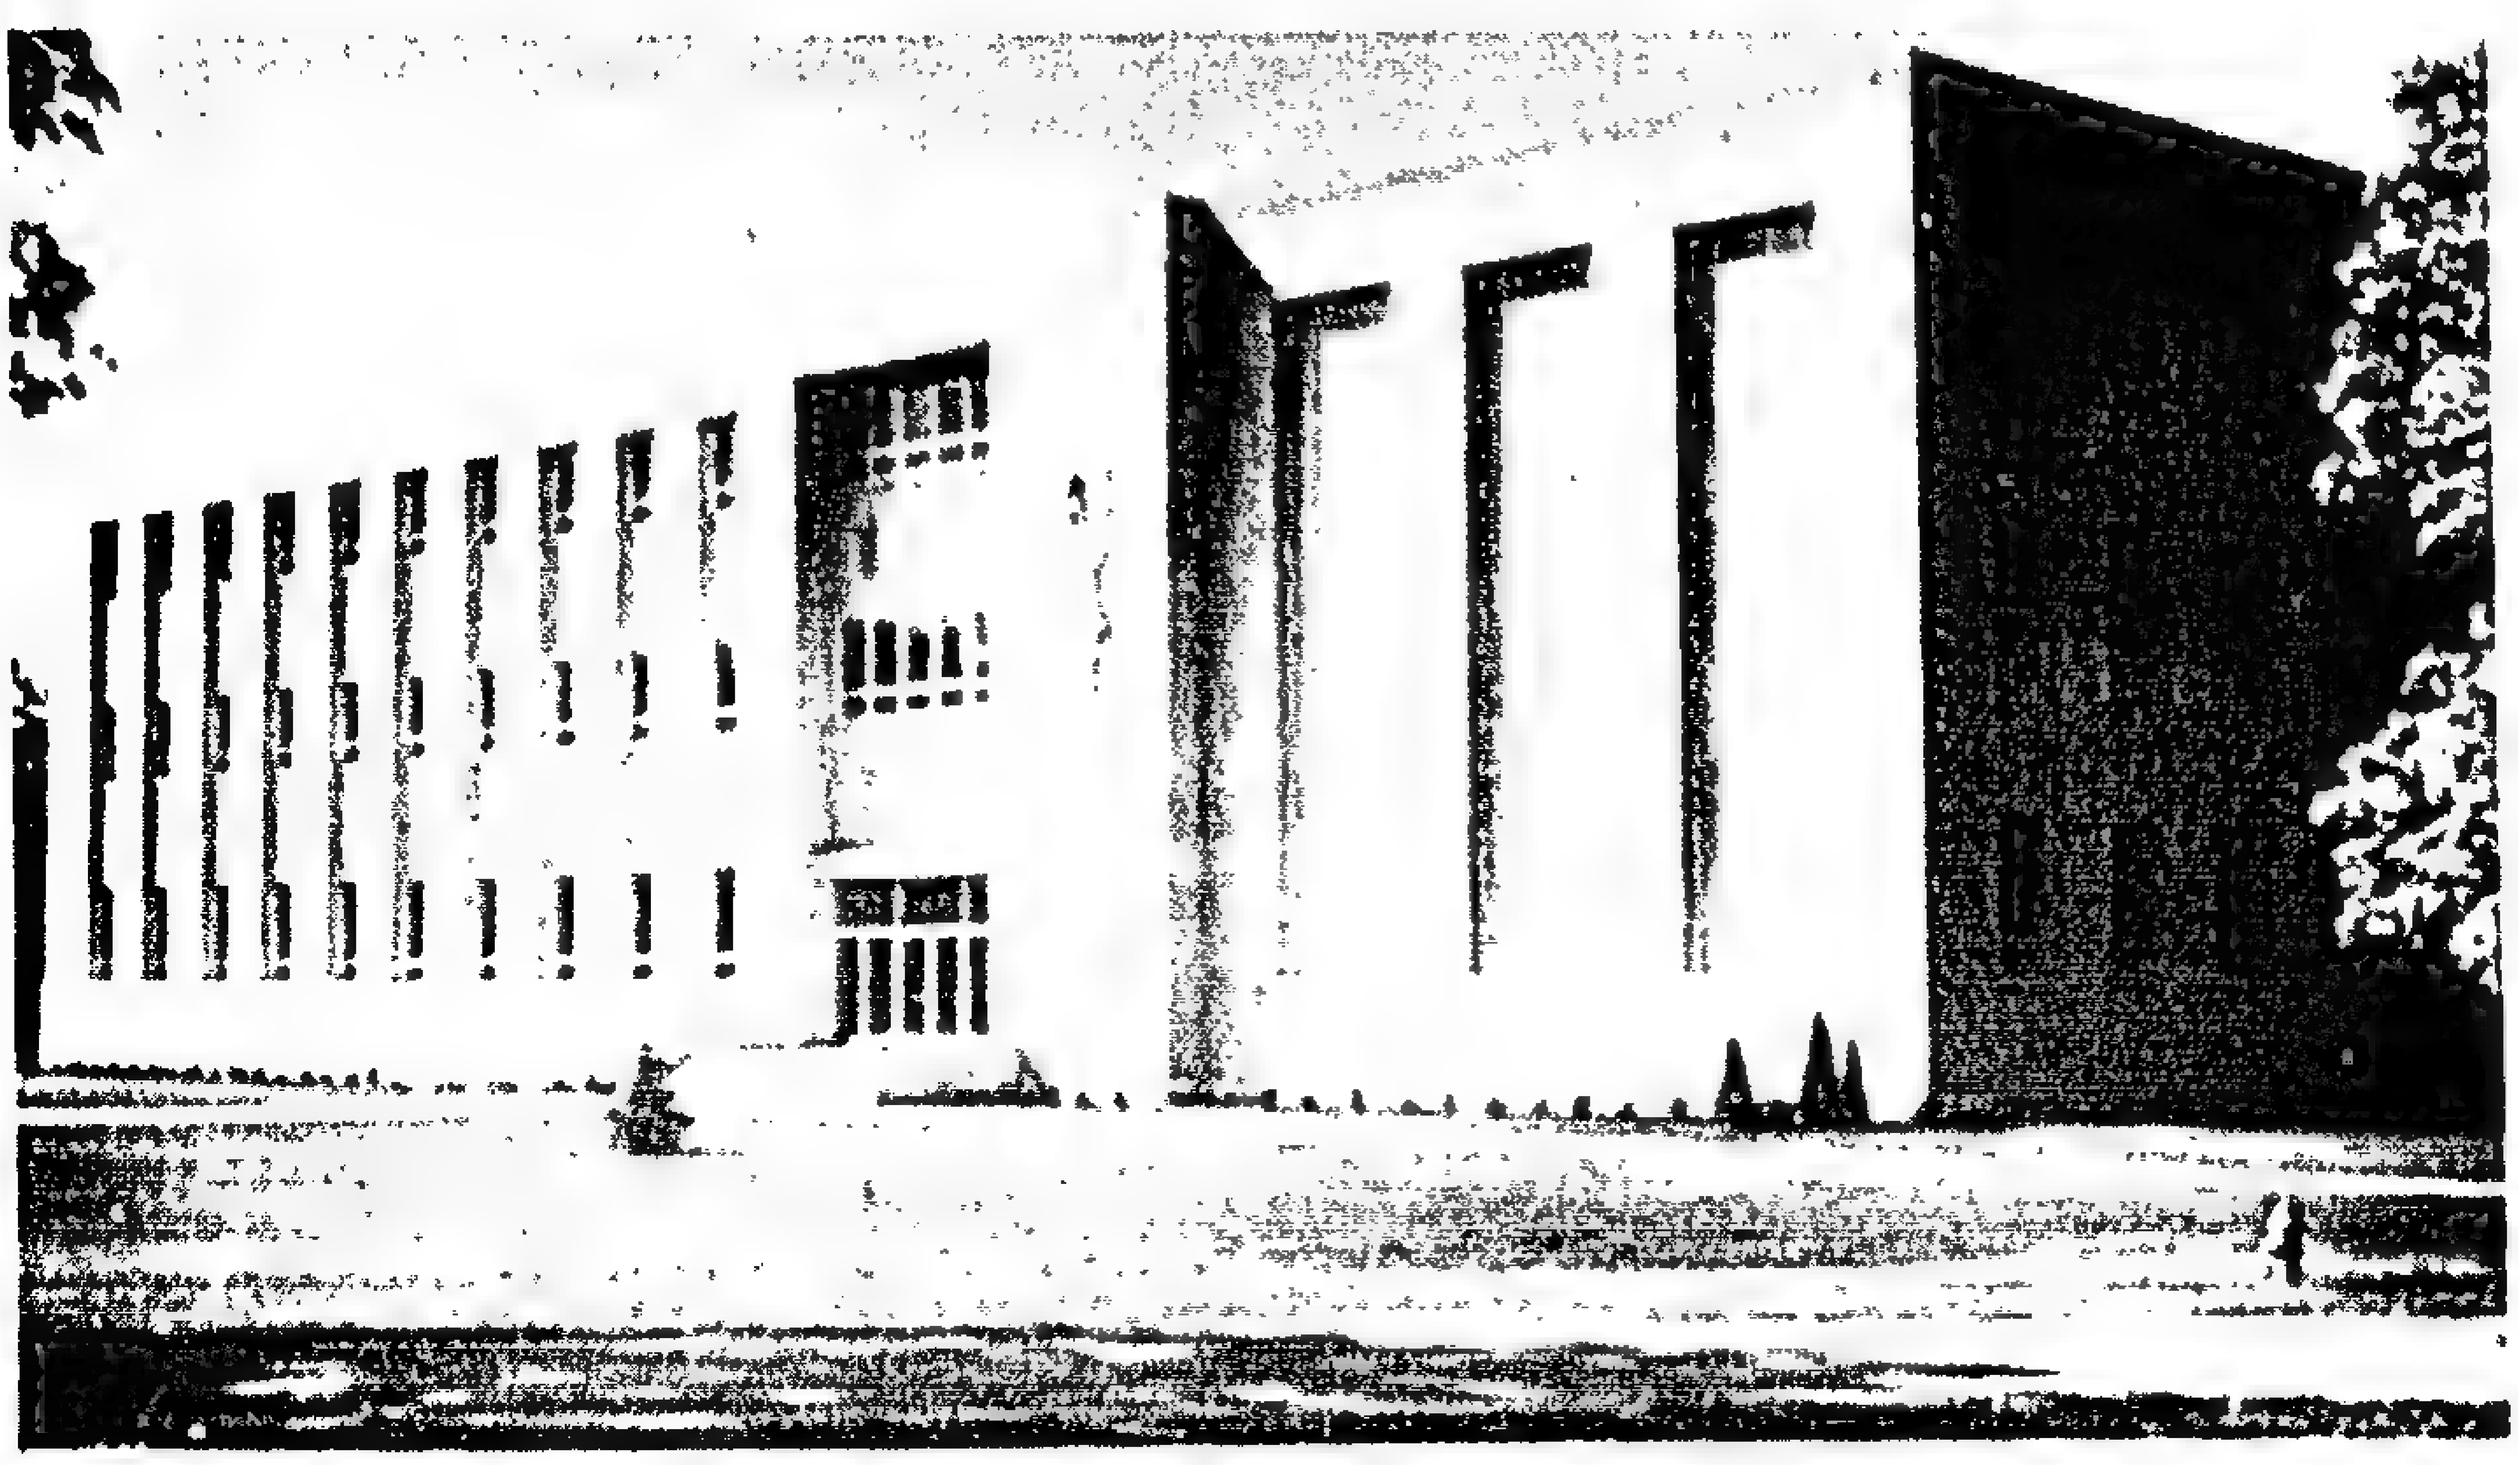


Photo Courtesy of Richard H. Bruce
The main building at Rose Polytechnic Institute houses classrooms and laboratories. Rose, one of the nation's foremost engineering schools, offers degrees in chemical, electrical, civil and mechanical engineering, plus mathematics, chemistry and physics.

became the first to use astro-turf outdoors for a football field. Plans call for expansion to 24,000 person seating capacity. Stadium is lighted for night games.

Three public swimming pools opened in 1962. Three private country clubs maintain excellent golf courses and swimming pools for their members. An excellent swimming beach for use of the general public is a feature of the Izaak Walton League. The lake is well stocked with fish. Two downtown theatres offer the best in movies, and they may be used for legitimate dramatic attractions. One community theatre, known as the Weldin Talley Memorial Playhouse, presents outstanding plays and films. There are three drive-in theatres; 80 public bowling lanes and 20 private clubs. The Sheldon Swope Art Gallery is in Terre Haute.

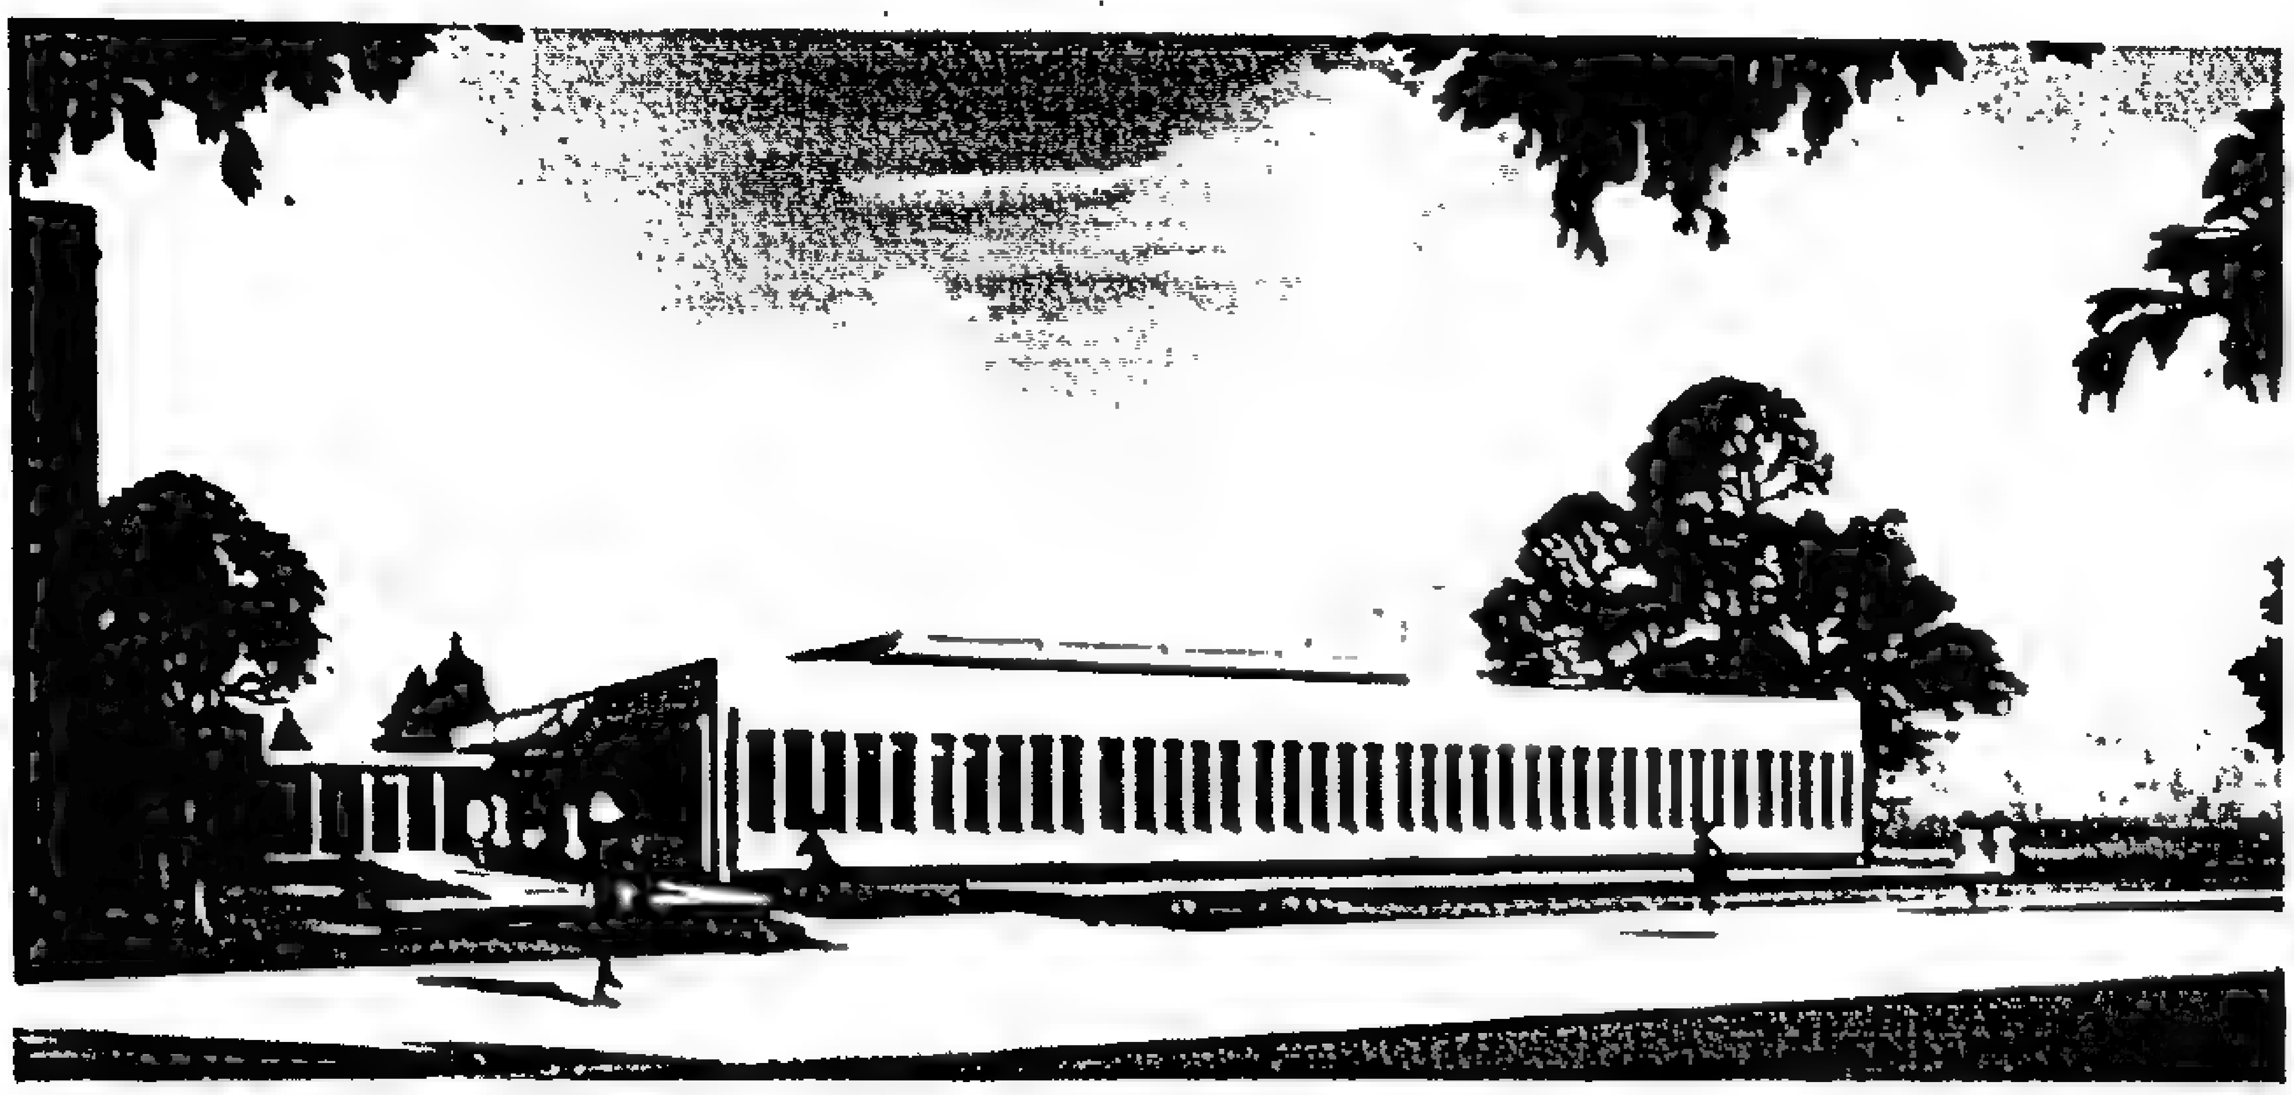
New $2,000,000 library at Saint-Mary-of-the-Woods College. Capacity 250,000 volumes. Contains Rare Book Room and Indiana Room. Building was dedicated in 1965 the 125th anniversary of SMW.

There are six of Indiana's fine state parks within an hour's drive of Terre Haute: Turkey Run, Shades, Mansfield Reservoir, Shakamak, Lieber, McCormick's Creek. Each offers scenic beauty, as well as picnic and camping. Most offer swimming, fishing and boating also.

Exclusive of secret orders, there are approximately 100 organizations listed as miscellaneous societies, clubs, etc. The fraternal societies are all represented, quite a number of them owning handsome homes, among which are the Masons, Odd Fellows, Knights of Pythias, Eagles, Elks, Nights of Columbus, Moose, Young Men's Christian Association and Young Women's Christian Association.

The Swope Art Gallery at 25 S. Seventh Street provides an opportunity for leisurely learning and relaxation. In addition to its regular display area, two rooms of permanent work, one of traditional art and one of contemporary works are open to the public.

Industrial and Distribtuion Features



Terre Haute labor is of the very highest type, both skilled and unskilled, and the city is proud to invite industry to make an investigation of the facilities it has to offer.

Terre Haute has an active Chamber of Commerce to look after its commercial and industrial interests.

Factory sites on all railroads and highways are available on favorable terms.

Terre Haute is admirably located for practically any type of distributing agency desiring to cover the territory of western Indiana and eastern Illinois, or, in fact, the Central West. More than 22,000,000 people live within a 250-mile radius. Insofar as the industrial development of Terre Haute is concerned, it is Terre Haute's purpose to interest those manufacturing establishments that are equipped for economical and steady production. It is the Chamber's opinion that no sound manufacturing enterprise will endeavor to locate a main or branch plant without conducting a careful investigation of economic conditions. Terre Haute must have the types of industries to which its particular location and advantages are adapted. A city cannot help but prosper

if its industries prosper. Terre Haute appreciates this mutual benefit and assures prospective industry of the fullest co-operation.

The artist's view of the Indiana State University School of Nursing Clinical Education Building reveals a facility unique in concept. First of the Two-phase School of Nursing development plan, this clinical education building is adjacent to a hospital—one of the first such facilities in the nation. It housed its first classes in the fall of 1969.

"r"—RESIDENT
"h"—HOUSEHOLDER

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

MONUMENTS

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Our Service Cannot Be Excelled

EXPLANATION

Wives'names are listed with husbands. The name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **HEAVY TYPE** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.
